

My family and I have been very pleased with the actions of the IN Attorney General's Office regarding the No-Call List we have been a part of for the past several years. I am asking you to please deny the CBA privilege to make unwanted telephone solicitations to those on the Do-Not-Call list.

I believe this would be a blow to the success of the Do-Not-Call law and an invasion into the now peaceful homes of those fortunate to have the burden of unwanted telephone solicitations lifted.
